PROFILE

Software Developer with a Bachelor's degree in Computer Science and an MBA in Supply Chain Management. Experienced in object-oriented programming, databases, and translating operational requirements into structured software and data solutions. Currently advancing software engineering fundamentals full-time through the project-based curriculum at 42 Heilbronn.

EDUCATION & TRAINING

42 Heilbronn School — Full-time	May 2025 – Present
- Developing modular programs in C and C++ with a strong focus on memory management and structured architecture - Building applications to strict coding standards under a peer-review process - Practicing debugging, testing, and performance optimization on every project	
Master of Business Administration, Supply Chain Management	Jun 2016 – May 2018
<i>University of Mysore · Grade A</i>	
Key subjects: Operations Strategy and Management, Process and Project Management, Data-Driven Decision Making	
Bachelor of Engineering, Computer Science	Aug 2011 – Jun 2015
<i>Anna University · First Class</i>	
Key subjects: Object-Oriented Programming, Database Management Systems, Programming in C and C++	

PROFESSIONAL EXPERIENCE

Self-directed study — data analysis & software development	Jan 2021 – Apr 2025
<i>Germany · approx. 30 hrs/week</i>	
- Analysed datasets of up to 2 GB in Python with pandas, numpy and matplotlib, designing the SQLite schemas and queries behind them - Wrote the cleaning and filtering pipelines that were the bulk of the work, cutting dashboard turnaround from 3–5 days to 2–3 hours - Built format converters and desktop tools with a tkinter interface; produced dashboards in Tableau and Looker Studio - Completed the Google Data Analytics certificate (all eight courses) and reached telc B1 in German over the same period - Retrained toward software engineering, leading to full-time entry at 42 Heilbronn in May 2025	
Operations Manager	Jan 2019 – Dec 2020
<i>Family rubber estate, Kerala, India</i>	
- Ran daily operations of a rubber estate employing 25–30 workers, covering tapping crews, latex collection, barrel storage and preservation, sheet processing and sale - Built the tracking system the operation ran on: worker attendance, per-worker daily yield and daily raw-latex volume, aggregated monthly to drive sales - Used that data to keep collection on schedule and monitor working hours so no one was overworked - Managed attendance, daily wage payment and shift timings for the full workforce	
Management Trainee	Jun 2018 – Dec 2018
<i>Pioneer Developers (real estate), Bangalore, India</i>	
- Handled 8 customer accounts, advising them on real-estate market trends, and coordinated between sales and technical teams - Performed data-driven sales analysis in Excel, tracking KPIs and supporting strategic decisions	

PROJECTS

Secure ATM Access with Biometrics and OTP	Nov 2014 – Apr 2015
<i>BE final-year project</i>	
- Developed a prototype for secure bank transactions using biometric authentication and card readers - Built the backend database in MySQL with full CRUD functionality - Applied object-oriented programming principles in system design - Conducted structured software testing and user-acceptance testing - Focused on system reliability, validation logic, and error handling	
Retail & E-Commerce Assortment Analytics	Jan 2018 – May 2018
<i>MBA project, Bangalore area</i>	
- Conducted structured customer surveys and cleaned data for inconsistencies - Provided data-driven recommendations to improve assortment and purchasing decisions - Developed Excel dashboards to identify trends and track business performance	

SKILLS

Programming Languages	C, C++, Python, SQL
Development Tools	Git, VS Code, Visual Studio 2022, JetBrains IDEs
Data & Analytics	SQLite, Tableau, Looker Studio, MS Excel · <i>working knowledge: Power BI, MySQL, SQL Server</i>
Operating Systems	Windows, macOS, Linux (Debian, Ubuntu, CentOS)
Project Management	Agile & Scrum, risk management, project planning & scheduling
Operations & Process	Supply chain management, workflow automation, performance metrics · <i>Six Sigma (MBA coursework)</i>

LANGUAGES

English	German	Malayalam
Native / bilingual	telc B1 (2021); B2 self-assessed	Native

CERTIFICATIONS

Google Data Analytics (2023) · HackerRank Python, Intermediate (2024) · telc Deutsch-Test für Zuwanderer — Result B1 (exam 19.11.2021)

HOBBIES

Hiking, reading, painting, solving puzzles, travelling
